

## **Request for Proposal (RFP)**

Washington Filmworks is seeking RFPs from experienced professionals to provide aerial and ground photography services. Our goal is to secure new visual marketing assets primarily to promote the diversity and abundance of rural locations across the state. A list of locations is included below.

Assets will be shared widely between Washington Filmworks partners and included in promotional videos, marketing materials, and various media outlets. All imagery will include worldwide, unlimited, perpetual usage, including media and 3rd party usage, and usage of still photography, video footage, and B-roll.

## **Application Details**

To apply please send a line item budget all inclusive (filming, labor and travel expenses should all be included), as well as costs associated with post-production editing and color grading for final delivered footage. Please also include a proposed timeline for filming on location and three professional references to [sherrye@washingtonfilmworks.org](mailto:sherrye@washingtonfilmworks.org) by 5 p.m. on June 10.

## **Eligibility Requirements**

- Proof of proper drone operator licensing, insurance, EIN#, W9 and Washington UBI# for doing business in Washington State
- Ability to secure permits for locations prior to filming
- Must be able to communicate frequently with the Washington Filmworks office throughout the project
- Three professional references or a list of recent clients

## **Project Deliverables** (as noted below)

- Edited video footage covering each location
- Still photos covering each location
- Drone footage from aerial flight covering each location
- Delivered by August 1, 2024

## Timeline

- Washington Filmworks will finalize the locations, timelines and contracts with the selected vendor in June 2024
- Delivery date for all footage is August 1, 2024

## Northeast (Region 1)

City	Locations	Type	Footage Required	Time of Day
